

AGRI-BEE

COMPETITION

The Agri-Bee Competition is a FREE oral spelling bee, using agriculturally related words, for 4th & 5th grade students in San Joaquin County. The procedure is much like a standard spelling bee, with one major difference – each word **must be properly defined & spelled.**

This competition promotes agriculture education & gives students a rewarding opportunity to learn about California agriculture. Prizes will be awarded to the finalists. Please be sure to fill out the Google Form attached if you would like to participate. The competition will be open to the first 25 students to register. For more information please contact the SJFB Office at (209) 931-4931 or email staff@sjfb.org.
